

Workflow for adding the Referee for Selected Candidate

1. Login to the Application

- The selected candidate logs in to the application using their **registered User ID** and **Password**.

2. Access Dashboard

- Upon successful login, the candidate is redirected to the **Dashboard** page of the application.

3. Add Referee Details

- On the Dashboard, the candidate clicks on the **“Add Referee Details”** button.
- The system automatically redirects the candidate to a **new page/form** for entering referee information.

4. Enter Referee Information

- The candidate fills in all the **required details** of the referee (such as name, designation, contact number, email ID) in the provided form fields.

5. Submit Referee Details

- After verifying the entered information, the candidate clicks on the **“Submit”** button.
- Once submitted, the referee details are **successfully saved** in the system.

6. Restriction on Editing/View

- **Note:** After submission, the candidate **cannot edit or view** the referee details again.s
